

It is contemplated to open in London a monster restaurant, after the plan of Daniel's establishment in Paris. The guests will be served by girls in uniform, and distinguished by garb, to wit: girls in the hall of the Danaides. The bill of fare will be published daily in the morning papers. The bread will be cut and the meat carved by machinery. The beer and other drinks will be delivered at each table by pipes laid under the floor, and the plates be brought heated upon small railway cars. A special department is reserved for customers' dogs, to be attended to by boys detailed for this purpose.

the potato kettle was hung on the wall, and the long neglected tea-kettle was to sing its old fashioned tune, as waves of smoke rolled out of its crooked neck, and all appeared to be happy again. Mrs. Hubert, Poor woman! She looked through her heart was broken. Sometimes I saw her turn away and the tears from her sunken eyes with the corner of her checked linen apron. Mrs. Hubert was thinking of her poor husband, who had pledged on their wedding day to ever be true to her, and now soon he was called by idle associates to the intoxicating bowl, and left her to support her little family by her own labor. The pantry was some rough place, as I said on the page that was fastened to the wall. And was some straw on the floor. The table was a board, and the chairs were of boards put together, and instead of chairs, and quite a number of stools, some of logs, some had three, and some, I number four. An apple was given to each of the children to pacify them, the breakfast could be prepared, and they were assembled around the table, they were so hungry, they could wait until grace was said. "The Lord be praised," they said, and then they enjoyed very pleasantly, and I think they enjoyed it as well as myself, for I

ADVANCE IN PRICE.—The Racine Advertiser notifies its subscribers that the price of that paper has been raised to \$2.50 per annum, or \$1.50 for six months, invariably in advance, and that the bills of all delinquents will be placed in the hands of a justice for collection.

JUSTICE OR NO JUSTICE.—Our citizens will bear in mind that on Thursday of this week they are to decide through the ballot box whether or not they will give a bounty to raise volunteers to fill our quota on the pending call for men. Such elections are being held all over the State and the verdict is almost universally in favor of "bounty."

RETURNED.—Mr. Charles T. Weber, well known in our community as a long time efficient Master Mechanic in the railroad repair shops and locomotive engine house at this place, but who for the past season has been engaged on the Peninsula Road, has returned to this city, and resumed his former position. Charley is a first rate mechanic and a good fellow generally. We welcome him back.

CORRECTION.—Messrs. Thomson & Roberts—I wish to correct an error in the communication signed "Bradford," published in Tuesday's daily, Jan. 5. The value of the gifts on the New Year's tree should have been \$4,000 instead of \$400, as printed. There were two presents which exceeded \$400 each.

Someone who took an interest in the tree would like to have the amount fully represented. If convenient please make the correction in the Weekly, and oblige Yours, &c., Jacob Fowler. Bradford, Jan. 10th, 1885.

RALLY! RALLY!—All persons who think that we ought to be credited with the number of men furnished by the city in excess of the quota under the President's call of July, 1864, and that such excess ought to be allowed on the recent call, are requested to meet at the Court Room on Wednesday evening next at 7 o'clock, to adopt such measures as may be expedient to induce the authorities to allow such credits.

FRIENDS OF THE BIBLE CAUSE.—The agents of the Bible Convention passed the following resolution at the close of its recent meeting here: Voted that the thanks of this convention are tendered to the families of this city who have so kindly entertained its members during its session.

The American Bible Society is in immediate want of funds. For several months its issues have exceeded its receipts by eight or ten thousand dollars per month. And this enormous deficiency must continue till the friends of the Bible everywhere contribute more bountifully to this object. It requires twice the money to publish the same number of Bibles as formerly and with this enlarged and continually increasing work to be accomplished, then twice the amount of contributors are necessary. Our important work must be abridged or left undone. Can Christians or Philanthropists afford to have this work longer retarded or postponed. The whole world needs the Bible. It can have it, it must have it as speedily as possible. By our obligations to God, to mankind and to the Bible, let us make our contributions as bountiful as the magnitude of the object to be accomplished, and this work will be done. During last Sabbath collections were taken in two congregations in this city, and \$120 was obtained from about as many persons. But as we wish to do no more, but give all an opportunity to do something, the executive committee, who appointed local agents who together with the county agents will soon call from house to house and solicit additional sums for this object. Cox.

LETTER FROM JOINT SCHOOL DISTRICT NO. 2 OF THE TOWNS OF CENTER AND PLYMOUTH.—Perhaps some of the readers of the Gazette would like to have some idea of what the above named district has done and is still doing. I will try and give a brief account of some of its doings. For a brief account of some of its doings. For the army it has furnished twenty-two, none of whom were drafted. Two are now prisoners of war, nine have been killed, and only one seriously wounded. An Aid Society was organized in this district in 1861 called the Brick School House Soldiers Aid Society which now extend over several other districts. This Society as you are probably aware, has done a great

deal for the benefit of sick and wounded soldiers. The prosperity of this organization is owing in a great measure to the energy and efficiency of its officers. The children have also formed an Aid Society which is doing something for the relief of suffering soldiers. This district contains one church of which Rev. Mr. Hall, formerly of Milwaukee is pastor. It also contains one commodious school building. The winter term now in session is in a prosperous condition. The number of pupils in attendance fifty; average attendance about forty. The first of a course of lectures on the subject of Education was delivered in the school-room December 23, which was very interesting. Prof. Searing, of Milton, is engaged to deliver the second, and from his known ability as a public speaker, and distinguished reputation as a teacher, we may reasonably expect a treat. This locality is proverbial for its healthfulness. That terrible scourge diphtheria is almost wholly unknown among us, only one case having occurred and that very slight. Respectfully yours, Plymouth Rock county Wis. Jan. 9, 1885.

VIOLATIONS OF THE REVENUE ACT.—The distillers in the city of New York and neighborhood heretofore charged with violation of the Internal Revenue Law, are now, it is understood, paying the pecuniary penalties to which they are liable; and so of other establishments in various parts of the country.

WANTED THE OLD KIND.—A milk pedler finding that his business was not just what it should be, resolved to tack about and sell milk, instead of milk and water, as he had formerly done, and thus test the old maxim about honesty. A day or two after he had effected the aforesaid change, he was told by one of his customers, a matronly old lady, that he need bring no more milk to her. In great surprise he asked her why. "Because," said she, the article you sold me yesterday was the queerest stuff I ever saw. It had not stood there two hours when it had a nasty yellow scum on it. I must have the real sky-blue article that I have always been accustomed to have.

A central hand who came into Sheridan's lines, when questioned about the rebels among the colored men said, "Don't half of colored men think they would run directly over to the Yankees did arms in their hands, and to-day half of them would just stand off for a few volleys to do rear first, for they run—that's all the difference."

CITY NOTICES.

BADGER STATE GRAIN DRILL AND BROAD CAST SOWER, COMBINED.—The Badger State Grain Drill has now been made at Janesville for four years. It is now made with all the improvements which years of experience have suggested. The Badger State for 1885 can be changed into a Broad Cast Sower and Cultivator in thirty minutes time.

It is now so arranged that by raising the teeth, the feed is shut off, and by raising the teeth down the feed is put on. Again, the Badger State is now and was has been the highest draft of any drill in the market.

The Badger State is warranted to be as good a drill as any yet made. It is warranted to be as good a broad cast sower as any in the market. The Badger State will plant corn or beans in hills or in drills. It will sow grass seed, clover and flax at the same time that it is sowing other grain. It sows grass seed either behind or before the teeth.

The prices for the Badger State for 1885 will be—9 tooth, \$85; 10 do., \$90; 11 do., \$95; 12 do., \$100. Five dollars added for Grass Seeder; \$2 added for Broad Cast. Those wishing to buy a Drill or Broad Cast, will please bear in mind that the Badger State is a good Drill, and also a good Broad Cast, in addition to being a good Corn Planter. The Badger State is the only combined Drill and Broad Cast in the market. Please call and examine the Drill and get a Circular. R. J. RICHARDSON, Manufacturer.

DYSPEPSIA, NERVOUSNESS, AND DEBILITY.—Dr. STRICKLAND'S Tonic.—We can recommend those suffering with Loss of Appetite, Indigestion, or Dyspepsia, Nervousness and Nervous Debility, to use Strickland's Tonic. It is a vegetable preparation, free from alcohol and stimulants; it strengthens the whole nervous system; it creates a good appetite, and is warranted to cure Dyspepsia and Nervous Debility. For sale by Druggists generally at \$1 per bottle. Prepared by Dr. A. Strickland, 6 East Fourth street, Cincinnati, O. E. F. Colwell Wholesale agent for Wisconsin.

On all sides we hear the merits of the Grover & Baker Sewing-Machine extolled. The ladies declare it the "very best," and prove it to us in so many undeniable facts that we are bound to confess our conviction of the truth of the declaration. What other machine will embroider so beautifully, braid so elegantly, hem so faultlessly, quilt so evenly, stitch so accurately, gather so regularly, operate so easily? None, we conscientiously affirm. 124414403.
